

Tammy Anthony, MA – Bio

Tammy Anthony, MA, is the Assistant Vice President for Budget and Financial Planning at UTSA. Her office is responsible for strategic financial planning that includes the preparation of the annual operating budget in accordance with UT System and campus requirements. In addition, this office is responsible for developing and submitting the biennial Legislative Appropriation Request for the university, evaluating the fiscal impact of legislative bills introduced in our biennial legislative session, aligning strategic initiatives with a 10-year long-range financial plan and managing a day to day budget process to allow for data driven financial decisions throughout the campus.

She has served in the Budget and Financial Planning office at UTSA since June of 2014. Previously with New Mexico State University for 27 years, she served in various capacities that included budget, endowment and gift accounting, sponsored project accounting and auxiliary services. She participated on state task forces and worked with campus leadership regarding funding formula models for the state appropriations in New Mexico.

She earned her Bachelor and Master of Accountancy degrees from New Mexico State University. She is or has been a member of National Association of College Auxiliary Services (NACAS), National Council of University Research Administrators (NCURA), National Association of College and University Business Officers (NACUBO), Western Association of College and University Business Officers (WACUBO) and Texas Association of State Senior College and University Business Officers (TASSCUBO).
